He was President of the Lisbon Metropolitan Board (JML) from 2006 to 2013. As President of JML, he was President of the Regional Economy Commission, from 2006 to 2009, he was a member of the General Council of the Metropolitan Authority of Transportes de Lisboa, was an effective member of the Advisory Committee Strategic at POR Lisboa, he was an effective member of the Monitoring the Management Plan for the Tagus Estuary and the Assembly of the Lisbon Consumer Dispute Arbitration Center. In terms of international networks, as President of JML, he assumed the presidency of the Supervisory Board of EUROSPAN Portugal and was a member of the Board of Directors of AIVP (International Association of Cities and ports).

Piera Petruzzi

Piera Petruzzi is Senior Project Expert European Outreach and Targeted Analyses at the ESPON Egtc in Luxembourg since 2008. She is responsible for outreach strategy and Targeted Analyses on several topics, i.e. ageing population, digitalisation, metropolitan areas and cohesion policy, coordinating research teams and supporting stakeholders policy needs. Piera started her career in 1993 with the advertising agency Ata Tonic. She joined Cogest Italia in 1994 as Marketing and Communication Manager for shopping and leisure centers and launched the first Multiplex Cinemas in Italy in 1990. In 2001 she brought her expertise to Banca Monte Paschi Belgio – MPS Group in Brussels where she was responsible for coordinating a task force on new business and pr. She then worked as Marketing and Communication adviser of Publitimeanimazioni where she launched a business unit on public affairs. Shifting to the public sector in 2004, Piera worked at Basilicata Region where she was appointed as Communication Expert of programmes co-financed by the EU. Piera holds a master’s degree in Economics and Banking from Siena University and was awarded a master in communication for public institutions.

Giancarlo Cotella

Giancarlo Cotella is Associate Professor of spatial planning at Politecnico di Torino. His research focuses on the comparison of territorial governance and spatial planning systems in Europe and beyond and on the mutual influence between EU territorial governance and domestic territorial governance and spatial planning. More in particular, he explored the evolution and impact of the EU cohesion policy and related programmes and initiatives. He participated in several international research projects and published widely in the international literature. He took part to the recently concluded projects ESPON COMPASS, ESPON ReSSI, ESPON URRUC and ESPON SUPER.

Mário Vale

Mário Vale has a Degree in Geography, a Master's degree in Human Geography and Local and Regional Planning and a PhD Degree in Human Geography from the University of Lisbon. He was Visiting Research Fellow at CURDS (Centre for Urban and Regional Development Studies), at the University of Newcastle) in 2006 and a Fulbright Visiting Scholar at the Department of Geography at UCLA (University of California Los Angeles) in 2013. He has been working on urban and regional economic change, especially in the European periphery, combining institutional, evolutionary and political economy perspectives in economic geography. He was President of the Portuguese Association of Geographers (2004-2008) and Vice-Chair of the Regional Studies Association (2008-2011) and is currently FeRSA (Fellow of the Regional Studies Association) and RSA ambassador in Portugal.

Filipe Ferreira

MA in Economics and Public Policies. Since 2014 is working at Lisbon Metropolitan Area as Metropolitan Secretary and its main areas of interest are territorial planning, EU funding, training, territorial instruments management, economic development, international relations and public procurement. He was co-coordinator of the LMA 2030 Regional Strategy and LMA Metropolitan Plan to Support Deprived Communities. He is LMA focal point regarding ESPON METRO consortium and Metropolitan Network of Agrifood Parks. Currently is working in the preparation of 2030 EU funding period, on Financing Opportunities for the socio-economic development of the region and in the Recovery and Recuperation Program projects.

Nuno Bento

Nuno Bento is currently Coordinator of the Lisbon Regional Dynamics Monitoring Body. It performs the responsibilities assigned to it by the governance model of the ESIF, namely the follow-up, monitoring and evaluation of regional dynamics, the reinforcement of knowledge and dissemination of the region and regional strategies and participation in articulation networks. He was coordinator of LMA 2030 Regional Strategy and Lisbon RIS3 strategy. He was also Chief of Planning, Prospective and Evaluation at CCDRLVT and architect at the Lisbon City Council and at EPUL.

Sónia Alegre

Sónia Alegre has a degree in Economics and a post-graduate degree in Financial Markets and Assets. Her professional career has always been linked to banking, having started her career at Caixa Geral de Depósitos in 2000. Of the various functions performed, those linked to the area of market risk management (having been at the genesis of its constitution and growth) and as manager of financial assets of the Bank's Investment portfolio stand out. In 2019, she was invited to design the Strategic Plan for the Internal Audit Function. After the elaboration of the referred plan, it ended up being allocated to its implementation, where it began to cumulatively provide reporting functions, both to the Bank's Governing Bodies and to the European Central Bank. Since 2021, she has been a member of the Board of TML – Transportes Metropolitanos de Lisboa, in charge of Intelligent Transport Systems and Services (ITS – Intelligent Transport Systems and Services) and Legal, Logistics, Financial and Human Resources matters.

Elisa Vilares

Elisa Vilares is currently Head of Division of Territorial Development and Urban Policy at DG Território and Chair of the Working Party on Urban Policy at OECD. Has a Master in Urban and Environmental Regeneration, Advanced studies in public management and has graduated in Architecture. Was Territorial development and urban policy officer at DGOTDU and Territorial development and spatial planning officer at CCDRLVT. Her main focus is in the promotion of territorial development, implement national urban policies and develop knowledge and capacities on urban matters. Featured projects and activities: since 2019, Iniciativa Nacional Cidades Circulares - national initiative for circular economy in cities; since 2015, Fórum das Cidades - national communication platform on sustainable urban development; 2014/15, Cidades Sustentáveis 2020 - national strategic framework for sustainable urban development; 2013/14, Programa Nacional da Política de Ordenamento do Território (PNPOT) / National Spatial Planning Policy Programme - coordination of the assessment report of the Action Plan 2007-2013.

Nuno Romão

Nuno Romão is currently Head of Studies and Regional Policies at AD&C - Cohesion and Development Agency. Was Associated Researcher at CIRIUS/ISEG - Regional and Urban Research Centre, Senior Economist at the Monitoring Unit of NSRF/QREN Observatory and Senior Project Manager in the Joint Technical Secretariat of INTERREG SUDOE 2007-2013. He was also Coordinator of the Working Groups responsible for programming Policy Objective 5 “A Europe closer to the citizens” and the Fund for a Just Transition and design and configuration of the territorial approach and respective territorial instruments within the scope of the preparation of the Partnership Agreement Portugal 2030. Coordinated the monitoring activities of territorial instruments, municipal investment and the territorialization of the Portugal Cohesion Policy 2020 funds.
